Subject: Schedule Request

MESSAGE:

EPA would like to request a projected schedule from BP, of how they expect the schedule of response to continue from this time forward. As discussed with BP representative, it is understood how adverse weather conditions may affect the schedule of certain activities. The schedule should include SCAT surveys, SCAT plan submissions, Submerged Oil Remediation plan submission, Submerged Oil Remediation begin, submerged oil remediation complete, oil water separator free of oil. Request to keep Submerged oil remediation details on schedule until SCAT teams conclude that it is not necessary,
